

COL 759 Cryptography & Computer Security

(Date: 09.08.21)

Course Evaluation Policy

1. Minor	20%
2. Assignments (3)	21%
3. Tutorial Sheets (2)	12%
4. Reading Assignment (Presentation + Report)	15%
5. Major	32%

Audit Pass — Minimum 30% overall and min 30% in major.

Assignments can be done in a group of maximum 2 students.

For Reading Assignment:

1. Can be done in a group of 2 (max)
2. One paper will be given to each group.
3. Each group must present their paper in the class. 20 minutes (10 minutes for each group member, in case of 2-member group) will be given for the presentation of the paper. There is no need to present results and references.
4. Submit summary of the paper in 2 to 3 pages. There is no need of writing results and references.
5. All these papers/presentations will be part of the syllabus for major exam.

Form group of max 2 students and send me by 24th August 2021.

Allocation of paper will be done on 25th August 2021.

Presentations of reading will start in the last week of September. Presentation schedule will be announced in the first week of September.

Submission of report (summary) of the paper (for reading assignment) by 5th November 2021.

Note: F for any cheating detected in exams/assignments or plagiarism more than 10% in the report/summary.
